

Philmont Scout Ranch, Cimarron, New Mexico

Troop 116 Expedition 720-S

Mon. July 17 - Tue. Aug. 1, 2006

Attached is the Philmont Health and Medical Record form requiring a doctor's evaluation and signature (dated after Aug. 1, 2005). Deadline for return is Monday, May 22, 2006 (unless an extension is requested and granted).

1. This form must be signed by (1) the participant, (2) the parent (for youth participants), and (3) the physician completing the medical evaluation. That's 3 signatures. Don't overlook any of them.
2. This form must be used in lieu of any other BSA medical form. (A copy of pages 3, 4, & 5 may be used by Scouts & adults for other BSA activities, such as Camp Grimes.)
3. The medical evaluation (doctor's actual examination) must occur within a year of the end of the expedition. Make sure the evaluation is dated no sooner than Aug. 1, 2005.
4. Be sure to attach a photo copy of your insurance ID.
5. Leave "Exp #" blank at top of page 3.
6. Complete one section/box for each medication being taken at the time of the trip on page 4. Make more copies of this page if needed.
7. Do not separate any of the pages for any reason or it will become invalid.
8. Make a photocopy of this form to keep for your own records and backup. You may not get it back.
9. Please take care of this form and do not misplace it; we do not have any extra and it would be a hassle to get more.
10. Please follow all instructions carefully; an incomplete or improper form can cause delay or significant problems.

Completed forms are to be turned in to Julian Love as soon as ready, but no later than Monday, May 22, 2006 (unless an extension is requested and granted). Call if you have any questions.
