

**Troop 116 Super Scout Grand Circle Trip**  
**Thurs. June 15 to Tues. June 27, 2006**  
**Medical Form Supplemental Information**

Attached is the BSA Personal Health and Medical Record Form - Class 3 requiring a doctor's evaluation and signature (after June 27, 2005). Deadline for return is Monday, May 15, 2006 (unless an extension is requested and granted). This form is required for participating in High Adventure activities.

1. This form must be signed by (1) the participant, (2) the parent (for youth participants), and (3) the physician completing the medical evaluation. That's 3 signatures. Don't overlook any of them.
2. This form must be used in lieu of any other BSA medical form. (A copy may be used by Scouts & adults for other BSA activities, such as summer camp at Camp Grimes.)
3. The medical evaluation (doctor's actual examination) must occur within a year of the end of the trip. Make sure the evaluation is dated no sooner than June 27, 2005.
4. **Be sure to attach a photo copy of your insurance ID.**
5. Make a photocopy of this form to keep for your own records and backup in case this one gets lost.
6. Please follow all instructions carefully; an incomplete or improper form can cause delay or significant problems if needed in an actual emergency situation.

Completed forms are to be turned in to Julian Love as soon as ready, but no later than Monday, May 15, 2006 (unless an extension is requested and granted). Call if you have any questions.
